Tester Certificate

Dear Sir or Madam,

Ms. Estel Dina born on 22 September 2006, has been a registered tester with us since June 2025.

Founded in 2011, Testbirds specializes in testing software by using innovative technologies and solutions. Under the slogan, "Testing Reality. Real users. Real devices. Real impact.", the company offers various testing methods to clients looking for usability and functionality optimization and is one of the world's leading crowdtesting providers.

As a Freelancer tester at Testbirds, Ms. Estel Dina successfully completed the following tasks:

- Writing test reports
- Searching for and submitting bugs (software errors)
- Providing usability feedback

Among other things, she tests the usability of various websites and online stores of well-known customers in various areas.

We thank Ms. Estel Dina for her work and wish her continued success and all the best.

Best regards,

Emma O'Kane | Community Manager
